Alumni Mentor Program

Dear Zeta Beta Alum:

Did you get your first job from an ATO alum or some other member of the ATO family? Many of us received that first interview through the ATO network. In fact, it was one of the main reasons why we joined a fraternity. Well, now you can have the chance to provide that same opportunity to a current member of the Zeta Beta chapter.

We have developed the Alumni Mentor Program, which assigns a Zeta Beta alum to a current member of the chapter. The purpose is to provide the member with a career role model, someone who can answer questions about his own chosen field, and to help get the member to start thinking early about careers and what he should be doing to prepare for the future. This is a program I think we all wish was in existence when we were in school!

This is NOT a job placement service so please don't think you'll need to hire the member assigned to you. That will be made clear to the member. We do hope to match up alumni and members with similar career interests, and if that is not possible, some other common interest. Your only obligation is to meet with the member perhaps once or twice a school year, maybe invite him to lunch and show him what you do and how you got started. We ask that you might be available to him by telephone occasionally as well. It all depends on how much you and he would like to put into the program.

If you are interested, please complete the form below and e-mail it to me at jpapazian@alumni.usc.edu or fax it to me at (310) 378-0719 or mail it to 3701 Via Palomino, Palos Verdes Estates, California 90274. The member will complete a similar form and once match ups are made, we will invite you to the chapter house to meet your "mentee." It should be a rewarding experience for all of us. If you have any questions, please feel free to contact me by e-mail. Thank you.

Very truly yours,

Gerald S. Papazian
